2

Uncertain

?

Clarity on effort is unknown

Extent of interaction unclear

Scope and scale are undetermined

2

2

Simple

2

Minimal learning could help

Limited effect on other parts

A few straightforward actions

2

3

Moderate

3

Some learning may be beneficial

Involves team or module interaction

Several related actions or steps

3

8

Difficult

8

Needs extensive new skills

Impacts multiple functionalities

Many actions, extensive coordination

8

20+

Colossal

20+

Needs immense learning and consultation

Drives critical project milestones

Continuous complex tasks and interactions

20+

1/2

Almost Trivial

1/2

Everything is clear

Isolated with no dependencies

Single simple action

1/2

1

Straightforward

1

Relies on existing skills

No impact on other areas

Just one action or interaction

1

5

Challenging

5

New knowledge needed

Touches several areas

Multiple actions, meetings, reviews

5

13

Ambitious

13

Demands expert knowledge

Influences multiple major areas

Numerous varied activities, collaborations

13
